

Adding your YCCC email to an iPhone

To add your YCCC email to your phone:

1. On your device go to **settings**, and **Accounts and Passwords**.
2. Click on **add account**.
3. The type of account you want to add is Exchange. Select **Exchange**.
4. Please enter the following information in the required fields (replace username with your username):

Email: username@yccc.edu

Description: What you want to name the account (like YCCC).

5. Click **next**. If asked if you want to sign into your “yccc.edu” exchange account using Microsoft, click **Configure Manually**.
6. Enter your YCCC **password** in the password box and click **next**.
7. When you see the pop-up “Cannot Verify Server Identity”, click **continue**. Enter the following information the corresponding fields:
Server: mail.yccc.edu
Domain: yccc.edu
Username: your username
8. Hit **next**, and you should be done.
